## 👤 PROFILE

I am a Junior web developer with 4 years of experience in website development and currently studying UX design. I have a well-rounded evident experience in front-end and back-end development. I am a pragmatic developer seeking a team to grow with.

## 📁 EMPLOYMENT HISTORY

### Flutter Developer at Luminucx, Port coquitlam

June 2019 — May 2022

- Launched a successful multi-language web app in a flutter.
- Timely delivered a design & prototype of the app in Figma
- Created complex widgets for the use cases following clean architecture.
- Effectively conducted CI/CD using Git lab with my team
- Conducted performance testing & optimization on the app
- Worked on back-end authentication & database services.
- Documented & wrote part of a light framework that enforced clean architecture in the app.
- Collaborated & worked intensively with system designer on big decisions.

### Web Developer Contract at Dr Mura Health, Remote

March 2020 — June 2021

- Created a course website with a CMS using angular for a remote client
- Effectively collaborated with client to meet their needs
- Designed & prototype their website using AdobeXD
- Built a CMS that served their content management needs.
- Created storage, authentication and database services in Typescript
- Successful maintained the site serving users

### Volunteered to create Remote Area Community Hotspots at TIES , Port Coquitlam

March 2022 — June 2022

Created RACHEL units with Raspberry-pi to serve students in third-world countries with access to educational websites & resources in an offline format.
