Profile

I am a Junior web developer with 4 years of experience in website development and currently studying UX design. I have a well-rounded evident experience in front-end and back-end development. I am a pragmatic developer seeking a team to grow with.

Employment History

Flutter Developer, Luminucx

Jun 2019 — May 2022 ⚲ Port coquitlam

- Launched a successful multi-language web app in a flutter.
- Timely delivered a design & prototype of the app in Figma
- Created complex widgets for the use cases following clean architecture.
- Effectively conducted CI/CD using Git lab with my team
- Conducted performance testing & optimization on the app
- Worked on back-end authentication & database services.
- Documented & wrote part of a light framework that enforced clean architecture in the app.
- Collaborated & worked intensively with system designer on big decisions.
